

Jeremy Ford

jeremyryanford[at]gmail[dot]com · New York Metropolitan Area · [LinkedIn](#) · [Portfolio](#)

Senior Product Designer

Curious, analytical Senior Product Designer with 8 years of enterprise B2B SaaS experience creating, testing, and iterating on scalable, intuitive digital experiences that balance business outcomes and user needs.

Core Skills

Data-driven and systems-minded; collaboration with cross-functional teams; quantitative and qualitative user research; user-centric interaction design rooted in core UX principles; AI tools (Figma Make, Cursor, Claude), Front-end (HTML, CSS)

Select Professional Experience

UserCrowd · Feb 2026–Present · Remote

Research Panelist, Part-time

- + Support Product Teams' user research by testing prototypes, providing detailed feedback on designs, and participating in surveys, usability tests, and user interviews

Amalgam · July 2026–Aug 2026 · Remote

Senior UX Designer, Project-Based Contract

- + Audited existing navigation, conducted competitive analysis, devised new site architecture (site map) and flexible wireframe template with modular section library for all product pages; presented proposal to client
- + Partnered with Director of Accounts and Marketing Leader to build foundation for visual technology client's new marketing site; delivered annotated files to Visual Designer for subsequent project phase

Honeycomb.io · Jan 2021–Feb 2026 · Remote

Senior Product Designer, Product, Full-time

- + Generated early access sign-ups from target enterprise teams by leading end-to-end design for O-1 Anomaly Detection AI-powered feature; improved performance of existing features by identifying and addressing pain points
- + Shaped product roadmap and strategy, informed team's prioritization, de-risked initiatives, and engendered confidence by defining, planning, conducting, and synthesizing user research and usability testing
- + Increased operational efficiency for internal Design and Engineering Teams, ensured scalability, and promoted visual consistency by leveraging and growing our design system

Cause · Jul 2019–Mar 2022 · Remote

Brand and Web Designer, Project-Based Contract

- + Partnered with Founder and Web Developer to ensure alignment with brand strategy and positioning
- + Delivered visual brand identity systems with supporting responsive web design and print collateral for The Wean Foundation (non-profit) in Warren, OH and Ulrich Museum of Art (contemporary art institution) in Wichita, KS

NewsCred (Optimizely CMP) · Feb 2014–Jan 2021 · New York, NY

Product Designer, R&D, Full-time · Oct 2018–Jan 2021

- + Led user experience improvement project for Campaigns, the platform's third-most-used feature, by addressing recurring user feedback through iterative design and prototyping
- + Positioned company for acquisition by supporting Product's new Integrated Marketing strategy with a redesigned, actionable homepage dashboard experience
- + Aligned team's vision and removed ambiguity by sharing user journey maps, user flows, wireframes, prototypes, low- and high-fidelity designs, and specifications for implementation

Senior Art Director, Marketing, Full-time · Feb 2014–Oct 2018

- + Differentiated company from competition in crowded market, increased brand awareness, and enabled organizational alignment by leading company rebrand project that utilized visual storytelling
- + Increased sales pipeline and educated target audiences about unique offerings by ideating and executing branded design solutions for web, email, print, and environmental touchpoints
- + Ensured consistent high-quality output and timely production of deliverables by collaborating with and managing web development and print vendors
